Advisory Action

1. On cursory consideration, the request for reconsideration does not clearly appear to overcome the rejections.

- 2. The proposed amendment filed <u>on July 16, 2004 with appeal brief</u> will not be entered for the following reasons:
 - I. Incorporation of claims 13 and 14 into claim 11 raise new issue for claims 11, 15, 16, 18, and 21 24 which are now under appeal because claims 11, 15, 16, 18, and 21-24 are rejected under 35 U.S.C. 102(b) as being anticipated by Hirakawa et al. U.S. Patent No. 4,590,508 and that requires a change in the ground of rejection which also requires further search and/or consideration. Furthermore, the incorporation limitations of claims 13 and 14 into claim 11 neither place the application in condition for allowance nor deemed to place the application in better form for appeal by materially reducing or simplifying the issue for appeal.
 - II. Since the amendment is filed with the appeal brief on July 7, 2004 after the notice of appeal of May 19, 2004, the amendment does not comply with 37 CFR § 1.114.
 - III. In addition, there is no convincing showing under 37 CFR § 1.116(b) why the proposed amendment is necessary and was not earlier presented.
